BEKRAGTIG:

BURGEMEESTER

Approved Level One Water Restrictions (Good Water Management Habits and Practices)

1. Whilst the use of sprinklers on any given day is permitted, no person shall without prior written authority from the Council water a garden, sports field, park, or other grassed area using potable water, between the hours of 10:00 and 17:00 hours.
2. When irrigating a garden, park, or sports field from a potable water source utilising a hose, the hose shall not be left unattended without the use of a controlling device.
3. No person shall without prior written authority from the Council hose down a hard-surfaced or paved area using water from a potable source.
4. A hosepipe used for washing vehicles, boats, and caravans shall be fitted with an automatic self-closing device.
5. All automatic-flushing urinals shall be turned off in all buildings during times when such buildings are normally vacated by the public and/or staff other than cleaning staff. ~~Attention is also drawn to Provincial Gazette Extraordinary No 5014 (1996), which prohibits the installation of automatic flushing urinal cisterns in new buildings.~~
6. The restrictions referred to in paragraphs 1 and 3 only, shall not apply for the purpose of watering plants in nurseries that are conducted for gain, nurseries owned by the Council or State, collections maintained for research purposes, dune rehabilitation projects, cricket pitches, bowling greens, golf greens, croquet lawns, artificial turf fields and major sports stadia.
7. The restrictions referred to in paragraphs 1, 2 and 3 only, shall not apply:
 - for the washing of certain paved areas at abattoirs, premises used for the processing of foods and to car valet services
 - where special exemptions have been granted in writing
 - where other sources of non-potable water are used and a notice indicating the source is erected in a position clearly visible from a public thoroughfare.

LEVEL 2 RESTRICTIONS:

- Residents may not water or irrigate their gardens between 6am and 6pm or fill up their swimming pools.
- Hose pipes may also not be used to wash cars or paved areas.
- Although water will still be available around the clock, pressure in the city's taps will be reduced.
- If the situation worsens, more restrictions will be imposed, including supply cuts.
